International students who are interested in studying the Spanish language should not overlook the wonderful opportunities to discover the Mexican culture. The academic program in Mexico will offer them the opportunity to live with a family eager to share its way of life and to become a member of the local community and school. In Mexico, students are at school for 4 to 6 hours a day. The usual timetable for secondary and high schools is from 8am to 2:30pm, from Monday through Friday. Afternoons are dedicated to homework and extra-curricular activities.

### SCHOOL SYSTEM

Public schools serve 87% of all students in the country. The Mexican school system is divided as follows: the "pre-escolar", the "primaria", the "secundaria" and the "preparatoria" school. International students will attend classes in a "preparatoria" school. In these schools, students must choose one of 4 professional areas : Physical-Mathematics, Chemical-Biological, Economic- Administrative, or Humanities. All schools offer English courses, some of them French courses also. Classes start at the end of August and finish in June.
